BRO NEVEZ

Newsletter of the U.S. Branch of the International Committee for the Defense of the Breton Language

This is an index to articles, short notes and book and record/CD reviews which have appeared in the quarterly newsletter of the U.S. ICDBL. With issue 13 (November 1984) the newsletter acquired the name Bro Nevez ("New Country").

The index is divided into three sections: **I. General Topics; II. Book Notes and Reviews; III. Recordings of Breton Music – Notes and Reviews.** Major topics in the general section are in bold letters; subtopics are underlined. Unless alphabetical order is important articles are listed chronologically. When an author is not printed in the newsletter, but known, he/she is listed within parentheses. Articles are listed under the category of their major focus. Many are listed under two topics and cross referencing is done as much as possible. Contents have been listed below to orient users to the index and give an idea of the range of topics presented. - Lois Kuter, Editor
